

Flash cards for Kids implements one of the oldest and best known ways to help children improve their reading skills. This book has over 100 flash cards with sounds available to help small children learn basic words and recognize how they are spelled. Topics: - Cars - Aviation - Military Machines Features: - High quality of images - Professional studio voiceover for cards Start playing with your child by showing them flashcards three times a day. Do one or two sections at a time and for just 2-3 seconds for each card. Play close attention to your child's level of engagement when they become disinterested, stop the game. As time progresses you should be able to increase the length of each period you use the cards, but again pay attention to your child's level of interest as these cards work best when your child is fully engaged.
