

Corporal Nicholas Saint Santiago needs to go home to reclaim the man he used to be. To be the man he was before Operation Enduring Freedom slowly hardened his heart. He needs to reconnect to the values and the reasons he is doing what he does. Saint also needs to try to forget the courageous woman he fell in love with. Petty Officer Angelina Jones life changed the moment Saint saved her life. She survived the blast but now has to deal with the fact that she will never be whole. She can't believe that anyone would want her the way she is now. Digging up her courage, Angelina moves forward hoping against hope that she can live a full life again. Crossing paths again brings their emotions to a full boil. A coincidence that will have them both reaching for their dreams.
