

Have you noticed yourself feeling drawn to specific things throughout your life? Smells? Tastes? Styles? Regions? People? Have you ever had a vivid dream that felt like more of a memory from a distant time or place, however bizarre? Then you may have some deeply rooted phantom memories of a past life. Did you really believe that this life you're living is the only one you've ever lived? If you are reading this collection of past life regression sessions facilitated by Laura Bogen, C.H.T, JD, then be prepared to go time-traveling. Ride along with curious clients as they experience long-forgotten memories and find answers to some of their most puzzling lifelong questions. In this case, we witness a young man tending to his family's horses, losing his innocence in the barn hayloft, and going off to tend war horses for knights in a land whose symbol is that of a red crown.
