

Colorful, musical, graceful, easily observed--birds have always fascinated amateur and professional naturalists alike. This richly illustrated book tells the fascinating story of ornithology from ancient times to the present. Filled throughout with paintings, drawings, photographs, and diagrams, many of them in brilliant color, All about Birds is a fast-paced chronological account of the personalities and milestones that have shaped this most popular of sciences--from Aristotle, Audubon, and Darwin to Peterson and Sibley. These key figures and events are also documented in a unique twenty-page illustrated color timeline at the end of the book. Brief individual chapters cover antiquity, the Middle Ages, the Renaissance, and the seventeenth through twentieth centuries. With its beautiful design and illustrations, and its concise and informative text, this lively book will delight anyone who loves birds. A clear and concise chronological account, from antiquity to the present Richly illustrated throughout with some 250 images, many of them in color Unique 20-page illustrated color timeline documents key figures and events

4 estati di haiku (Italian Edition), The Farmers School Book., World Review of Interactions Between Marine Mammals and Fisheries, The Encyclopedia of the New York Stage, 1920-1930: Vol.2, N-Z, Basics Betonbau (German Edition), Yoga fur Menschen von heute, Donegal Highlands: Paintings and Stories From North West Donegal, A Vase for a Flower: Tales of an Antique Dealer, The life of a celebrated Buccaneer: a page of past history for the use of the children of to-day, The Ultimate Blonde,

First appearing in print in Paris in as Histoire de l'ornithologie, All About Birds: A Short Illustrated History of Ornithology is advertised by its French.

All About Birds is a misnomer, as this book deals very little with birds themselves. Rather, its purpose is to introduce those who have made a. All about Birds has 6 ratings and 1 review.
