

The Veil of Silence concerns you more than you think. You come across it at every turn, whether in your personal life, in your family, in your church or congregation, or in your cities and nations. The Veil of Silence is the reason for inner coldness, loneliness, and the sense of being lost in darkness. Through a captivating blend of history, theology, and psychology, the German pastor, theologian, and activist, Jobst Bittner, provides a brave, discerning perspective on this Veil of Silence and how the weight of history can be lifted. It is a powerful and practical intervention and spiritual guide to reclaim our authority by uprooting all destructive tendencies of covering up the past, uncovering our own family history, rediscovering the Jewish roots of our faith, and moving forward into action. Once the veil is lifted, true healing, restoration, and change can begin.
