

The purpose of Catholicism & Life is to present in popular language the background and meaning of the ten Commandments and the seven Sacraments and to show how they can be applied to our lives today. Religion is not a subject to be learned; it is a life to be lived, and those who strive to follow the moral code given to us in the Commandments, and who take advantage of the seven channels of grace that are the Sacraments, will find themselves firmly situated on the road to heaven. Because it offers such a clear blueprint for Catholic life, Catholicism & Life will appeal to a wide audience--from high school students to senior citizens. It would make an ideal text for students in Catholic high schools, colleges and universities ... [as well as] high schoolers in parish religious education programs ... [and in] adult education programs.
