

This textbook provides students and law enforcement officers with the fundamentals of the criminal investigation process, from arrival on the scene to trial procedures. Written in a clear and simple style, Criminal Investigation: Law and Practice surpasses traditional texts by presenting a unique combination of legal, technical, and procedural aspects of the criminal investigation. The hands-on approach taken by the author helps to increase the learning experience. Criminal Investigation: Law and Practice, Second Edition, has been written to provide future law enforcement officers with a basic understanding of the investigative process. It merges two areas that are crucial to the successful completion of an investigation: the law, both criminal and procedural, and criminal investigative techniques. It is written to provide the student investigator with the information needed to complete an investigation that can result in a successful prosecution. - comprehensive coverage of the criminal investigation, from arrival on the scene to trial procedures - unique combination of legal, technical, and procedural aspects of criminal investigation - many updated cases, many personally experienced by the author.
