

American presidents and their families are some of the most-watched people in our culture today. And though their politics, personal interests, and leadership abilities have varied, most of the presidential families have at one time or another professed their faith in God. Still, many history books have ignored this unifying characteristic. Faith of the First Ladies will show readers what history books have not. This interesting and entertaining read offers more than thirty prayers, plus biographical materials, inspirational speeches, and spiritual reflections written by various wives of United States presidents.
