

What is Leadership? Be flexible and be effective! Who is a leader? Are leaders born or made? What is leadership? Does leadership has something to do with seniority, experience, or one's hierarchical position of an organization? How can I learn and be more effective as a new leader/manager? Well, if you want to seek solutions to such questions, then this is a book for you. Have you heard of the phrase: "Oh, you are a good leader." or "You have leadership qualities." Strange when you were to ask them to define why they said so, usually no one can explain it to you; normally brushing it off as a gut feeling. When you hear the word, "leadership" the first thing that comes to your mind usually is someone domineering and taking charge. As a matter of fact, most leadership has little to do with position, titles, and physical demeanor. Leadership has been used widely throughout human history right since humanity has been created, however no one has been able to truly define what leadership should be or is. Have you experienced a leader you really dislike, yet he is being liked by others? Or have you seen such a good religious leader who excels in business leadership too? Most often in the business context, we dislike the slave-driving boss that makes people quit their jobs; however the company yet still supports him? It is clear that leadership is context driven, having the ability use the correct type and style of leadership, set the bar above others! **A GOOD LEADER IS ONE WHO HAS AN INSPIRING AND PROGRESSIVE VISION.** A person who manages to motivate and inspire others to follow a vision and progress towards future manages to become a good leader. A capable leader works persistently to build a strong team, establish rapport with the members and inspire his team to accomplish the organizational goals. He is readily available to those when in need and ensures that his members are happy working for him.
