

Documenting events through photography became a popular phenomenon during the Civil War. The Civil War Sesquicentennial Series showcases these historical images and provides detailed commentary for each photograph. Each ebook in the series focuses on an aspect of the war, such as its administration, new technologies, and the people and occupations of the day. Since rivers, bays and coasts were important arenas for Union and Confederacy blockades and battles, the number of gunboats used during the Civil War goes far beyond the famous Monitor and Merrimack. This collection of images includes photographs taken during the war of gunboats and the soldiers who crewed them. Learn about the origins and histories of these ironclads, ships and even the occasional repurposed tugboat and civilian steamer. See which gunboat laid mines in the James River, the Confederate ship named the CSS Yankee, and the gunboats that were sunk to prevent capture. Each image is documented with stories and facts that paint a vivid picture of not just the gunboats, but also the war itself.

Footprints in the Snow (Mills & Boon Intrigue) (Hes a Mystery, Book 1), Napoleons Last Island: A Novel, From Ancient Myth to Modern Healing: Themis: Goddess of Heart-Soul, Justice and Reconciliation, Under the Green Hill, Histoires de petits-grands : A lusage des adultes qui se posent des questions (Hors collection) (French Edition), Families Apart: Migrant Mothers and the Conflicts of Labor and Love, Magazine Design (English and Spanish Edition), Troublesome Board Member,
