

If you love Halloween and word searches, then this is the book for you! R.J. Foster has taken his passion for holidays and puzzles, and combined the two. This book has 26 different puzzles about Halloween. The puzzles within this book have the same search words as the First and Second Edition but each puzzle's letters are scrambled differently from the previous Editions which creates a whole new search for the words. These word searches are on thicker, stronger pages than most puzzle books. There is even a blank Notes Page to the left of each puzzle in case you would like to take notes to help solve the puzzle or simply write notes regarding any words that interest you. Enjoy!
