

This county history is extraordinarily rich in primary source materials, including abstracts of deeds from 1681 through the Revolutionary War period and, moreover, petitions, divisions of estates, wills, and marriages found in the records of Perquimans and adjacent North Carolina counties. Numbering in the tens of thousands, the records provide the names of all principal parties and related family members, places of residence and migration, descriptions of real and personal property, dates, boundary surveys, names of executors, witnesses, and appraisers, and dates of recording. Altogether, the index contains references to about 35,000 persons!
