

Find out as Heather Hogan explores the common mistakes that are made in relationships and how to avoid them. With candor and humor, Heather uses her own experience as an example and guide. She faces her own mistakes, and she stresses the importance of communication and compromise; but she also reminds women struggling to juggle careers, relationships, family, and personal interests that a balanced life is the key to a healthy relationship. No woman is alone in this struggle. Heather interviews one hundred women in various stages of their relationships and lives and asks them about their greatest worries, their worst mistakes, and their best advice. These confessions come from a variety of women to whom you can relate, whether you are celebrating decades together, newly wed, or still single. Their candid answers are both entertaining and enlightening, and some of the responses may seem surprisingly familiar. Just Ask My Husband! will help you keep your marriage going until death do you part.
