

Tomemos, pues, cierta distancia, entrecerremos los ojos en busca de una vision algo borrosa, y entonces gozaremos de excelentes cuadros impresionistas de aquella Lima con sus calles y portales poblados de osados aventureros, mano de obra desocupada a la espera de la oportunidad sonada que los hara medrar, del ambiente en la recién fundada Santa Cruz de la Sierra, en la legendaria Villa Rica de Potosi, en Asuncion o en las arduas marchas entre una y otra, el cuadro recargado de tintas tenebrosas de los retorcidos ardidés de los que se valió el perfido obispo de la Torre para prender al gobernador Caceres en plena iglesia y tantos otros cuadros que el lector descubriera por su cuenta, enhebrados en sabrosos documentos de la época, que nos haran revivir cada uno de esos momentos, con sus convincentes colores individuales. En cuanto a la propia urbanidad en el rio de la Plata, tenemos mas en claro lo que ocurre desde el desembarco de Mendoza hasta que se llevo a cabo el despoblamiento en 1541, y desde la fundacion de Garay en adelante en 1580. Pero que poco sabemos de lo que paso durante esa larga noche de 39 años. Este libro nos ofrece una excelente oportunidad de averiguarlo, durante esa noche el rol de mantener viva la llama de la urbanidad por estas comarcas estuvo a cargo de Asuncion. Ejemplo de tenacidad urbana notable, que se hizo ver claramente en ese momento en que la estrella de Buenos Aires estuvo completamente apagada, pero con su rescoldo preservado mil kilometros rios arriba. Desde allí hubo de venir el repoblamiento. Invito al lector a internarse, como lo hare yo mismo por enesima vez, en este fascinante cuento de como empezo Buenos Aires, dejandonos llevar por los no menos atractivos subcuentos y subcuentos de estos, que nos propone el autor a cada vuelta de pagina.
