

We have a ton of cool stories that will inspire you and get you fired up to build this winter! In the last issue we gave you a glimpse of Amalgamâ€™s unbelievable scale replicaâ€™s in our centerfold. In this issue we take a closer look at what it takes to turn out these big buck creations. You might be able to afford the \$5,000.00 kit, but wouldnâ€™t be cool if you could? Next up is a feature on an amazing VW Camper that you have to see to believe. It ranges high on the â€œoriginalityâ€• scale! Then an old friend of mine Rodney Williams step up and asked if he could contribute some articles to Model Car Builder? Rodney is a nationally acclaimed airplane model builder who builds museum quality replicas that wins awards wherever he goes. He puts that same attention to detail in his model cars. I look forward to seeing more from Rodney. I had lined up another four page how-to article for the final pages of the magazine, but the writer pulled it at the last minute. So BIG SURPRISE: EVENTS COVERAGE! Thatâ€™s right, for the first time, and hopefully the last, we have events coverage from the local Goodguys car show. I donâ€™t like to do events coverage because weâ€™re a â€œhow-toâ€• magazine, but since this issue seems to have a life of its own I decided to fill the last minute pages with some of the more interesting models at the Goodguys Autumn Nationals. Build ups include Revellâ€™s new 1967 Camaro SS, and the re-issue of Monogramâ€™s Cherry Bomb. Plus more Web Tips!
