

Today, the international nuclear safety community shares a range of specific safety concerns and continuing research is necessary to address many of them. In this report, senior experts review the nuclear safety research currently being performed and set down their views on likely future needs and priorities.

El observador y su mundo Volumen I (Spanish Edition), Sexbomb: The Life and Death of Jayne Mansfield, The young Jefferson, 1743-1789, Analytiker-Taschenbuch (German Edition), Digital Image Processing for Medical Applications, The Oxford French Business Dictionary, Hobbes Studies (1879-1979): A Bibliography,
