

This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1910 Excerpt: ...the music sheet into the apertures in the tracker board being of different crosssection, and means for varying said cross-section according to the strength with which the key is struck to form such perforations. 3. Apparatus for producing music sheets for a mechanical piano player or like instrument comprising in combination selectors adapted to the keys of a piano or like instrument, a plurality of pairs of contacts, a plurality of means for forming perforations in the music sheet, said perforating means being operated by said contacts, and means whereby the particular pair of contacts operated, depends on the strength with which the key is struck. 4. Apparatus for producing music sheets for a mechanical piano player or like instrument comprising in combination selectors whose action depends on the inertia of a weight, adapted to the keys of a piano or like instrument, a plurality of pairs of contacts, a plurality of means for forming perforations in the music sheet, said perforating means being operated by said contacts, and means whereby the particular pair of contacts operated, depends on the strength with which the key is struck. 5. Apparatus for producing music sheets for a mechanical piano player or like instrument, comprising in combination a keyboard having a plurality of keys, bell cranked levers pivoted to each of said keys, a weight on one arm of each of said levers, a contact piece on the other arm of each of said levers, a plurality of fixed contacts in connection with each contact piece and means whereby the making of any of said contacts operates a perforating device as and for the purpose described. Claims 6 and 7 not printed in the Gazette. 070,493. TRACTION-GAS-ENGINE GEARING. Emory C. Grizzell, Claflin, Kans. Filed Feb. 12, 1910. Serial ...
