

Michael Carpetbagger has a serious problem with his life. After the banking and market collapse of 2008, he and his partners are feeling the stress of a failing business. They are moving to the dark side as of necessity. This does not sit well with Michael as his soul niggles at his actions. As Mikes conundrum of negative stress and helplessness overtakes him, he falls into a bizarre instant in time where a sequence of revelations is brought to him by his Guiding Angel. She takes him on a strange journey to previous lives where in the Golden Age of Atlantis he begins to recall what and who he really is. As they wander the quantum space of his past realities into Mayan lands, and he connects with his cosmic soul family, Mike begins to form a new vision of why the old financial energy is rapidly giving way to the new spiritual energies. Now, with a new look at his future, he must congeal all the past information into what he must do to best survive as the Earth and global ascension of consciousness accelerates towards 2012 and the End Time.
