

**ROOSEVELTS AMAZING JOURNEY FROM FIFTH AVENUE TO THE DAKOTA BADLANDS** A young Theodore Roosevelt journeyed West in 1883 to the Dakota Badlands, a region which at the time appeared to have sunk away from the surrounding world. Roosevelt, only 25 at the time, was from a wealthy New York City family and had recently graduated from Harvard. In light of this, what attracted him to such a remote frontier area where lawlessness is the order of the day? This classic book by Charles L. Brooks and Ray H. Mattison attempts to answer this perplexing question. Travel side-by-side with the adventuresome young Teddy Roosevelt as he... \* Arrives in the Badlands and promptly spends several days doggedly hunting buffaloes in almost continuous rains. \* Becomes a well-known cattle rancher and eats, sleeps, hunts, and herds cattle with the rowdy, herd-driving cowboys... and gets along with them as well as with his colleagues on Fifth Avenue. \* Makes impressive profits from cattle ranching. \* Takes part in grueling 16-hour-a-day roundups that test his physical and emotional endurance to the limit. \* Writes feverishly for days on end in between his adventures... and completes three books and several articles about his experiences and his naturalist and historical interests. \* Tracks down and captures boat thieves in icy river waters. \* Nearly takes part in a deadly duel with a local slaughterhouse tycoon... and resolves it in a surprising way.... and many more thrilling stories! The obscure, little-known period of Theodore Roosevelt's life influenced his political, social, and environmental views for the rest of his life. Now you can experience this exciting time in Teddy Roosevelt's life by reading this captivating book in your own Kindle device.
