

Mo Clendenon enlists the help of her closest ally, her very proper aunt Maggie when she seeks to unravel the mystery behind the death of her ex-husband, the son of a woman known as the Black Widow - Opal Childs - who has built her empire on the backs of her three dead husbands, all wealthy men who died mysterious deaths. Now, Mos ex, Newell Childs, is dead, only days before she was to return home to start a new life with him. Convinced that the Black Widow is involved, Mo travels back to Newells hometown to confront Opal and expose her for what she is - an evil woman who will stop at nothing in her quest for money and control. But as Mo and Maggie are about to discover, there is an even more insidious evil at work in the small West Texas town where Opal spent years building her web. Rich with fascinating characters, a plot with unexpected twists and turns, and the authentic ambiance of Texas, Seed of the Black Widow is a book that will keep you reading far into the night.
