

This e-book is the third book in my simply sea creatures series. It is full of pictures, easy to read facts about octopuses and the different types that inhabit our ocean floors. Learn about their anatomy, physical attributes, their feeding habits, how they defend themselves from predators, and how they have been known to solve mazes and problems with their intelligence. You will be interested to captivated to read about some different species of octopuses. For instance, the coconut octopus, giant pacific octopus, blue ringed octopus, seven-armed octopus and atlantic pygmy octopus. Some are even popular as pets but being one of the most intelligent of invertebrates they can often escape
