

John Jackson is a minister of the gospel who has a heart for those with emotional baggage who desire to get rid of it. These truths, when followed, will free those with past hurts and wounded self-esteem. God will give victory to those engaged in spiritual warfare by practicing these principals. Spiritual warfare, as described by John Jackson, is not chasing demons but freeing the believer from the power of sin. He has preached and taught the principles found in this book for many years. He has seen many lives changing as result of this series of Bible-based instructions on how to control the emotional man. It is a book showing how the believer can live a victorious Chistian life. The Author regrets he could not have this teaching when he was seminary. These principles should be taught to every young person study for the ministry
