

This book is an exploration and examination of the Major Arcana of the Tarot, as experienced and understood by the author, Steve Hounsome. In the ten years since he published the first in this three volume series, Steve has undertaken his own 'Seekers Quest'™ and here he presents this unique view of the Major Arcana. In what is at times a highly personal account of his experience with the energy of the cards, Steve demonstrates how the energy or power of each of the cards can be used in a therapeutic way to promote healing and development of the self. For those working as professional Tarot readers this book can be an invaluable aid, but as Steve himself found, this must first be done within you. This book shows you how. Volume 3 of the Tarot Therapy series will explore the energy of the Minor Arcana.
