

Books in this collection: * Marquis de Mort (Bk 5) * Ichor Rising (Bk 6) * Danza del Diablo (Bk 7) L.A. Kennedy's "THE COLLECTOR" brings together books 5 - 7, of the Iverland Marks, Demon Hunter Novels. This collection rips open the belly of the beast, venturing into the back alleys of the city's most powerful and ruthless monsters. Iverland Marks is the daughter of a vampire and a demon, a half-breed, a little joke on humanity. She wasn't laughing, but she was thirsty, she was always so bloody thirsty. Half demons did not walk the earth, until Ivy. They usually died during their birthing and then dragged into hell, but never to walk free and unchecked. If one lived, it died shortly thereafter, either from severe birth defects or killed by the church. Call it population control, from the man upstairs. But Satan? He'd populate his army on the backs of the good people who strayed. They're not called deadly sins for nothing. Ivy is a half-breed and a demon hunter. Her number one goal is to stay alive, and if she couldn't, she'd take as many monsters with her as she could. Welcome to her three ring circus, formed from the pits of hell.
