

A political thriller that will take you inside the minds of politicians, terrorists, assassins, and the movers and shakers. The continuing decline of our economy forces Joe Winston and his friends to create a new political alternative for voters. His intent is to prevent arrogant professional politicians from continuing their destructive partisan behavior, to offer effective solutions, and to offer leadership the people can trust. In the midst of the rise of the Restoration Party he discovers a foreign conspiracy designed to destroy America socially and economically. Tens of thousands of conspirators have penetrated our business, education, and governmental systems. Circumstances of the discovery prevents disclosure to intelligence agencies and demands that Joe and his friends enter the dark world of espionage where they will encounter brutality, treachery, and massive political manipulation. As the 2010 mid-term election approaches the voters will determine the role of the Restoration Party for the future. The question is will Americans vote for someone who actually tells the truth? This novel offers entertainment, inspiration, education, and even disappointment. The disappointment is that this is fiction not fact.
