

Excerpt from The New Nation: A Sketch of the Social, Political, and Economic Conditions and Prospects of the Australian Commonwealth
The awakening of the newest of the Nations, the Sleeping Beauty among Continents, has been hailed with kindly greetings from all parts of the world. When, on the consummation of the Federal movement, the word Australia ceased to be a term of geographical expedience, and for the first time took on a political meaning, not only England, but the Republics of America and of France, and the sister Dominion of Canada, were warm in their approval of the young Commonwealth which had decided to adopt a constitution in so many ways resembling their own.
About the Publisher
Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com
This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
