

The Earl of Essex was the last great favorite of Elizabeth I and the leading cultural patron of the final years of her reign. Dazzled by the romantic relationship with the queen, modern writers have branded Essex a dandy, a military incompetent, and a political dabbler, and have blamed him for the bitter factionalism that plagued English politics in the 1590s. Using an unparalleled range of manuscript and printed sources, this book presents a very different image of Essex and of the outbreak of factionalism in Elizabethan politics.

Non-Invasive Neuromodulation of the Central Nervous System: Opportunities and Challenges: Workshop Summary, Autumn Glory and Other Stories, Through Samaria To Galilee And The Jordan: Scenes Of The Early Life And Labors Of Our Lord, Introduccion a la Ciencia (Spanish Edition), Women Religion and Sexuality: Studies on the Impact of Religious Teachings on Women,
