

When Berek Metcalf gathers the courage to ask Julia Tilman to the Mayflower Dance, the last thing he expects is a beating from her ex-boyfriend. Little does he know that his plan to run and hide at his uncle's camp in the Maine wilderness will set in motion the adventure of a lifetime. That adventure takes place, not in the Maine woods, but halfway across the universe and includes dealing with some pretty scary creatures; dragons, orcs, a magic-using thief and a band of fanatics bent on destroying a reclusive race known as the Snowlords and anyone willing to help them. The rewards are great too, including meeting a young woman who quickly makes Berek forget all about his humiliation on the grounds of Simonton High.
