

East's?xe, England - Yule, 1082 Baron Roland Vesli looks forward to a modest Yule until he receives a troubling missive. Someone in London wants his beloved sister Ameer dead, and his father is sending her to him for protection. For her own reasons, Elysande de Souredeal is content to abandon the glittering court of King William to accompany her friend Ameer into the wilds of East's?xe. Their flight is discovered and peril follows, but an unexpected danger - to her heart - awaits in the quiet manor house to which she flees. An unexpected snowstorm, a merry but exasperating sister, a determined killer and a beautiful, troubled woman who captures his heart with the first look all conspire to turn Roland's sedate country Yuletide upside down. ***Please note: This book is a "sensuously sweet" historical romance. It may contain adult themes and sexual tension (scenes with sensual, sometimes sizzling overtones), but no sex.
