

This book, abundant in contents, introduces knowledge of asthma scientifically, precisely and also practically. It includes three parts. Part one mainly introduces the conception of asthma, clinical features, diagnostic points, and pathogen and pathogenesis in the viewpoint of TCM. Part two introduces in details the treatment based on differentiation of symptoms and signs, simple formula, experienced formula, Chinese patent medicine, external treatment, acupuncture and massage treatment, as well as emotional and dietary therapy, etc. Part three introduces specific therapeutic experience and specialties of national well-known TCM doctors. The book is valuable as a reference book for medical practitioners and medical teachers.
