

Get the digital version for FREE when you purchase the print edition! What is the hottest planet? About how much does a pizza cost? Who was Benjamin Franklin? Would your eight-year-old know the answers to these questions? What I Should at Eight is a diary, a record of facts, and a great overall learning experience for any child in third grade or preparing to enter it. Third grade kids will have fun learning about money, space, history, and a host of other topics, including a great true or false section that will leave them (and possibly you) guessing. This book of fun facts is intended to be a guide for you and your child in regards to basic things that they should know by eight-years-old. It will give you an idea of what your child knows while allowing him or her to learn about the world around them in a fun and engaging way. Every child is different, of course, and each develops differently. Yet there are some core facts that children should know at certain ages. A strong base knowledge, along with a strong vocabulary, is extremely important for learning. What I Should Know at Eight is targeted toward third graders, and a child in the third grade will enjoy doing it, especially if you do it together. The book is not only fun, but acts as a great diagnostic tool that will help parents begin discussions with their children about things that they may not have thought to talk about. The print version allows kids to enter facts about themselves. The digital version (free with your print purchase) is easy to use and filled with links for more learning and entertainment.
