

Why the Decline of Christianity in the World?: New Book Sparks Global Controversy; Claiming the Gospels Contain Lies & Jesus was neither the Son of God nor was he Crucified. Mohammad A Mughal's compelling new book is the first to expose the truth about Jesus in Christianity versus Jesus in Islam. Don't expect convention; Mughal proves that most original teachings about Jesus were never actually recorded and that the Gospels contain lies and contradictions to match. In a world where so-called "Christian" Presidents send thousands to die in unjust wars and "committed" Roman Catholic pastors engage in the sexual abuse of children, this ground-breaking book makes it clear that few know the real Jesus. Mughal also argues that churches are failing to guide a broken society at a time when they need faith the most. There really is no way to sugarcoat it; Christianity is declining at an alarming rate, as young people shun religion and previously-committed Christians convert to Atheism due to lack of answers to the myriad of questions thrown up by the Gospels. For the first time in history, a game-changing and searing new book explains why, while proving that few even have a basic knowledge of the real Jesus, God and Heaven. Why the Decline of Christianity in the World? is the work of Mohammad A Mughal, a deeply spiritual American committed to compassionately revolutionizing humanity. His truths are not pretty; Jesus isn't the Son of God and he didn't ever claim to be. The first book of its kind that has sparked worldwide controversy and debate about Jesus. What is unique in this book is that it shows beautiful verses about the extraordinary character of Jesus. At the same time, the author reveals that the Bible contains lies, errors, and contradictions which cannot serve as the sound basis for morals and spiritual guidance. This book challenges the myths about Jesus and many traditional Christian beliefs. A penetrating and insightful investigation into the mysterious life of Jesus who is loved by both Christians and Muslims. There is a growing violence and moral decay in the society, explosion of pot and drug use, creating family disintegration, and decline of the Christianity in the World. Jesus said you cannot serve two Masters: Money and God. Vatican Bank has \$8.2 Billion. Jesus was Spiritual and not Revolutionary. Jesus said: "Love Thy Enemy" and "Do not retaliate." President Bush claimed to be a born again Christian and yet launched Afghanistan and Iraq wars which have killed 6000 Americans, 45,000 injured, and 190,000 claiming disability. Millions of Afghans and Iraqis have been killed, injured and dislocated. The wars cost is \$6 Trillion 60% of the Americans now consider the two wars as mistakes which resulted in the worst Economic Collapse. "This isn't an emotionally-easy read for people, but it's a vital education to the fact that people can have two viewpoints about Jesus," explains Mughal. "Most are totally unaware that the Quran has chapters about Jesus Christ and Mary" or that Christians and Muslims are the only two religions in the World which embrace Jesus as Messiah and great Prophet. The author claims that the Gospels were actually written in the second century and that the primitive priests wrote the Gospels pretending to be Paul, Peter and James. But it's not just a problem with history. Folks like Bill O'Reilly are making millions of dollars from books like "Killing Jesus: A History" that are flawed on their very foundation, and leaders like George W. Bush are contradicting their own belief systems by launching wars that kill thousands of innocent people and end up attracting more terrorist interest. "The truth hurts, and I fully expect people to brush my revelations off as false, exaggerated! However, after the initial shock, people will come to accept the truth and it will spark a huge global movement toward a more honest belief system.
